

Mr. Damian Czernik
18 Sallins Pier
Sallins,
Co. Kildare
Ireland

30 April 2008

TO WHOM IT MAY CONCERN

Damian Czernik has been employed by this company from 4th August 2006 until 30th April 2008 and during this time has been involved on the following projects:

- I&C Engineer Ericsson RBS-swap RBS,
- I&C Engineer Ericsson Minilink,
- I&C Engineer Stratex - Clearwire,

While working on the above he was responsible for:

- testing antenna systems for 2G and 3G
- installation and commissioning Cisco switch, Microwave radio, Base stations and PSU
- installation and commissioning Ericsson RBS and microwave radio
- team leader for rigging crew for telecom clients
- monitoring Health and Safety on site
- preparation of site documentation and completion reports

He has always been a good worker and timekeeper, and very co-operative to both management and staff.

He has completed an advanced climbing course, and several technical training courses during his employment with us.

If you would like to discuss this further, please feel free to contact me

Yours sincerely,

PP
Peter Dwyer
Operations Director
